

RESUME FOR 28TH CONVOCAATION

I was astonished to know of being selected as one among to win the Gold Medals announced by the IGNOU. I EXPRESS MY HEARTFUL GRATITUDE TO THE Almighty, parents, teachers and my friends..

I , Elizabeth cyriac is presently doing my M.Com from M.G . University at St. Xaviers Colege Vaikom. Joining IGNOU for my Bachelors Degree in Commerce was by mere chance. But to say, I thank it is one among the best Universities in providing distance education to students like us.. Since the required textbooks are provided by the University its easy to understand the syllabus and learn. Also the examinations and results are announced on time, even though the University offer many courses, is also a feather to the University. The examinations aim to measure the quality of students rather than their learning ability.

I thank all the University officials for providing me such a chance and express my joyfulness of being a student of IGNOU.
